

## CAT 6A U/UTP

### STANDARD COPPER CABLING SYSTEM

#### About nCompass

nCompass is an innovative product offering of structured cabling solutions created by Legrand and Superior Essex. nCompass provides you with support, reliability, flexibility, and efficient solutions that meet or exceed industry standards and are backed by Limited Lifetime Warranty.

Demonstrating a commitment to sustainability, nCompass Systems offer the first and only Environmental Product Declarations and Health Product Declarations for a structured cabling solution.

This nCompass™ copper solution combines Superior Essex **10Gain**® CAT 6A U/UTP cabling and Ortronics TechChoice and KT2J6A connectivity by Legrand®, offering reliable channel performance that meets the ANSI/TIA 568.2-D standard and is supported by a Limited Lifetime Warranty.

Connectivity and cabling products that are a part of nCompass “+” systems may be substituted for the listed components. Visit [nCompass-systems.com](http://nCompass-systems.com) for the full range of products.

#### System Benefits

- CableID® allows cable run to be identified easily on both ends
- ColorTip™ allows for cables to be easily identified
- Ortronics® connectivity and cords are designed for reliable channel performance
- Backed by a Limited Lifetime Warranty
- KT2J jacks have labor saving lacing cap termination and supplied with installation tool in every carton of 20
